SITUATION IS NOT SO ENCOURAGING

Deatns Reported at New Orleans From Fever.

TOTAL DEATHS 74; CASES 347

Board of Health Is Working Hard, But the Disease Continues to Spread. Governor Vardaman Investigates Complaints.

New Orleans, August 3.—Two deaths from yellow fever were reported early today at the office of the city board of health bringing the total to 70.

There was one new case making a total of 347. Most of the physicians make their reports of new cases during the afternoon hours so that until evening it is not possible to give an accurate idea of the day's progress of the disease.

The board of health today dispached a squad of inspectors to Milneburg, which is situated on Lake Pontchartrain, in the suburbs of the city.

A case of a Frenchman was taken from there on Saturday and it was reported today that a nest of sickness existed there. Several days ago about 150 Italians migrated from the fever section of the city to Milneburg and there has been some fear that sickness would develop there. Dr. White of the marine hospital service has finally managed to get a site for a detention camp on the Louisville and Nashville road, and today sent a doctor to the state line to make the necessary arrangements.

St. Anthony de Padua church in Rampart and Conti streets was crowded to overflowing today when the Rev. Father Lorenz started a Novena which is to last for three days. Masses will be said, prayers offered and intercession sought for the prevention of the spread of the fever and for the recovery of all those who are ill. The congregation of the church is composed almost exclusively of Italians.

Controvedsy Over Invasion.

There were no new developments today in the controversy over the invasion of Louisiana by Mississippi troops guarding the frontier against the introduction of yellow fever except the announcemnet from Jackson that Governor Vardaman had decided to go personally to the scene and investigate the conditions for himself. The governor acted upon receipt of a telegram of complaint from Governor Blanchard. Before leaving Jackson Governor Vardaman said he desired to make no statement until his rigid investigation of the matter had been finished.

Up to noon today there has been six deaths from yellow fever making the total deaths to date 74. All these deaths occurred in the emergency hospital.

The appearance of two or three cases yesterday among persons whose business does not carry them into the infected district down town has given an impression that the stegomyia is possibly being carried out of the zone of infection through the medium of street cars. Two or three of the city lines cross Canal street, running from the lower end of the city to the upper. They come and go through the section where fever has been most severe and thereby improbably are picking up insects and transporting them to other sections. It has been suggested that the authorities take action to prevent all cars from crossing Canal street.

Severe Rain and Thunderstorm.

A very severe rain and thunderstorm prevailed during the night. The rain fell in sheets and the whole city was thoroughly flushed. At the same time the downpour had an ill-effect in that it caused the washing away of oil from many miles of gutters and through overflows caused hundreds of cisterns to discharge the oil which had been put into them. In consequence the ward organizations today are all over again, re-oiling the cisterns and ponds which previously been treated.

Another phase of the contr[illegible] gives the states of Louisiana [illegible] has declared [illegible] the filing of writs of ejectment and injunction against the Mississippi militia in the fededal courts. The suit was brought by Albert Baldwin, banker and capitalist, of this city. Mr. Baldwin seeks to enjoin the Mississippi militia from taking possession of his fishing and hunting lodge on Pearl river. It seems that permission was asked to occupy the place for the militia to do guard duty on the border and it was refused. The troops announced that unless granted permission in a certain time they would break open the place. Yesterday they broke in an dMr. Baldwin decided to bring his suit. Federal marshals will probably be sent to the scene.

Few Veterans Will Attend Reunion.

Commander A. B. Booth, of the United Confederate Veterans of Louisiana, said today that quarantines had grown so light with the fever prevailing here and in other parts of Louisiana that it would be practically an impossibility for more than a handful of veterans to reach Lafayette for the annual reunion So apprehensive are people in the country towns that they will be bottled up by the report of suspicious cases in their midst that many of the owl officials are meeting to pass ordinances imposing severe penalties on persons who circulate reports calculated to cause unnecessary excitement or alarm.

No Change at Shreveport.

Shreveport, La., August 3.—The yellow fever situation here today shows no change. There are no further cases at the detention camp and the authorities are confident that there is no possibility of a spread of the disease. There was a general exodus of people from the city yesterday afternoon and last night, but quarantine lines are very tightly drawn today. The parish board of health has ordered all trains from the south, over four railroads entering the city, stopped at the Parish lines, the order applying to both freight and passenger trains.

Barney Tracey, of Chicago, the patient at the Detention camp, is improving and will probably recover. The city board of health today received word of a developed case of yellow fever on board a northbound Kansas City southern train. The authorities at Mansfield were notified to stop the passenger.

The work of sanitation is progressing throughout this city.

Arkansas' Rigid Quarantine.

Little Rock, Ark., August 3.—Details of the state guard are being made today to guard the gateways to the state.

The first detail under Captain Lavatte goe. to Lake Village, Chicot county, which is an the Louisiana border in southeastern Arkansas.

Rigid shotgun qurantine will be enforced. The lines are tightening every hour, and the state board of health will hold daily meetings in conjunction with the county and city authorities. The health officer will be detailed to examine and report on any suspicious cases that may be discovered on the southeastern border.

Mobile Board to Meet.

Mobile, August 3.—Dr. Rhett Goode, city health officer, said this morning that the Mobile board of health would meet at 1 p. m. to take action on the Montgomery situation. Dr. Goode said personally he did not believe in quarantining Montgomery. There is no alarm felt here over the Montgomery case.

Governor Left Capital.

Jackson, Miss., August 3.—Governor Vardaman left the capital this morning for the gulf coast to make a rigid investigation of the complaint from Governor Blanchard that Mississippi troops had invaded Louisiana territory and were patroling near Lake Bigolets. The governor declined to make any statement regarding the matter in advance of his investigation.

Quarantine Officer Removed.

Chattanooga, Tenn., August 3.—Acting Mayor Doughty this morning removed J. S. Schoff, superintendent of quarantine and suspended City Engineer Robert Hooke. The charge against Schoff was that he charged a fee for issuing health certificates and the allegation against Hooke was that he had failed to attend meetings of the board of health.

SANFORD FACES JURY ON MURDER CHARGE

Hotel Men, of Atlanta, Not Permitted to Testify.

MRS. SANFORD RETURNS HOME

Great Interest Is Manifested in Rome, Ga., Where the Trial Is Being Conducted—Both Sides Will Fight to Win.

Rome, Ga., August 3.—The opening of the second day in the trial of Vincent T. Sanford, charged with the murder of George Wright, found public interest unabated.

When court opened at 8 o'clock every available seat in the court house was taken.

A sensation in the nature of a bomb shell was caused in the Sanford murder trial today, when Judge Wright refused to permit J. D. McMillan, manager of the Hotel Bristol, Atlanta, to testify as to what hapened at his hotel in Atlanta.

Since the defense expected to prove by McMillan that Wright and Mrs. Sanford had often visited the hotel together, as will be seen from Colonel Dean's statement outlining the defense, the importance of the court's ruling may be readily understood.

Mrs. Sanford Returns.

Mrs. Elizabeth Sanford, wife of Vincent T. Sanford, who is on trial for murder for the killing of George Wright, returned to Rome Tuesday night, coming on the Southern train from Chattanooga, arriving about 8:30 o'clock. She said that her sudden departure from Rome on Sunday night was due to a private matter.

Soon after her arrival she made a statement to a newspaper man, a part of which follows:

"Those who were banking on my running away are simply those who wished me to run away. I am not one of the running away kind. You may say that I am at home and never have wandered from my intention to stay here until my good name is cleared."

Mrs. Sanford, it is learned, did not leave in disguise, as was reported.

MOB ATTACKS A CHAUFFEUR.

He Ran Over Little Girl with Auto, Fatally Injuring Her.

New York, August 3.—A six year old girl was run down and probably fatally hurt last night in Brooklyn by a large automobile.

A mob attacked the chauffeur, Nils Brolin, who was saved from serious injury by a policeman.

The child was at play in the street and her mother did not see the automobile approaching. Brolin tried to stop the machine when he saw the child was bewildered and hesitated in which direction to fly. He threw on all his brakes and the motor stopped after one wheel had passed over the body of the child. Brolin jumped from the machine and hastened to a telephone, where he called for an ambulance. Upon his return to the automobile he found a threatening crowd surrounding two friends whom he had in the machine.

Women with clubs struck at him and men threw stones until the policemen arrived.

The mother took the insensible child in her arms and refused to let the ambulance doctor touch her, carried the child half a mile to the hospital.

Georgia Populists To Meet.

Atlanta, August 3.—A call has been issued by the chairman, J. J. Holloway, for a meeting of the executive committee of the people's party of Georgia to be held in Atlanta, for the purpose of mapping out a plan of action in the comnig campaign. The secretary urges that at least one man from each county in the state be present at the meeting, which will be held at the Cannon hotel, in Atlanta, at 10 o'clock the morning of Aug. 17. The secretary also requests that as many Populists as possible attend the meeting, and asks the presence, influence aleral counsel o" all Populists.

APPROPRIATION BILL PASSED.

House Disposed of It in Record-Breaking Time Tuesday.

Atlanta, August 3.—In record time the house Tuesday concluded its work on the general appropriations bill, and put it in shape to be sent over to the this measure has required from three senate. Usually consideration of this measure has required from three to five days; the house has disposed of it in two, and the senate will now find itself with plenty of work without further complaining about a lack of it.

By an unexpectedly large majority the house readily granted the request of the state militia for an increase of $25,000 in the annual appropriation for the years 1906 and 1907, and for the next two years the state troops will receive from the state to aid them in completing their equipment, and paying other expenses, the sum of $48,000. This appropriation was strongly resisted by Dr. Kelly, of Glascock, who fought it on the ground that it is unnecessary and a deprivation to more important state institutions, but the house finally put it through by the vote of 97 to 29.

As small an item as it is, the appropriation of $2,500 for farmers' institutes brought on the longest and most determined debate of the session. Several members opposed it, among them Mr. Hall, of Bibb, who declared that it could not be constitutionally carried in the general appropriations bill. The committee had left it out of the bill, but the house put it back with comparatively few dissenting voices.

The million dollar appropriation for common schools and the $890,000 for pensions were passed without a word being raised in protest. They went through by common consent and tacit agreement that they should not be disturbed.

"Stephens" county, proposed to be taken from the counties of Walton, Jackson and Gwinnett, with Winder as the proposed county site, came up for consideration before the new county committee Tuesday.

"Kell" county, which proposes to take its territory from the counties of Liberty and Tattnall, presented its claims before the committee Tuesday. Glennville is the proposed county site.

REPORT OF COURT OF INQUIRY.

On the Explosion of the Boiler of the Gunboat Bennington.

San Francisco, August 3.—A special dispatch to the Call from Sandiego, Cal., says:

From an official source, the reliability of which cannot be questioned, because of its connection with the court itself, it has just become known what in substance will be the report of the court of inquiry now investigating the Bennington disaster. It may be stated authoritatively that the court will find that boiler "B" of the Bennington exploded not because of unusually high pressure, but because the metal of the crown-sheet and the bolts holding that crown-sheet in place had become "dead," had lost all life and nearly all tensile strength by reason of constant use and the failure to renew the weakened place during the twenty years that the ill-fated Bennington was in service. The court will not censure the officers of the Bennington, but will pass up the matter and the responsibility to higher authority.

Father Has Son Arrested.

New York, August 3.—On complaint of his father Alfred Price, a 15 yead old boy, who is more than 6 feet tall and of manly proportions, has been arrested. The father declared that when he remonstrated with the young man for some action, the boy demolished everything in the dining room, threatened to fire the house and loudly declared that if policemen attempted to stop him he would kill him. Alfred, Sr., all dodging the flying glassware and chinaware, ran into the street and called a patrolman. After a long search in the house the police found the erstwhile pugnaciously inclined youth hiding under a bed in his father's room, crying as if his heart would break. When taken to the station Alfred's feelings were once more lacerated when he was turned over to the children's society.

MOODY WILL AID IN INVESTIGATION

Attorney General Will Attend the Meetings.

CONFERS WITH THE PRESIDENT

The Legal Points in Some of the Cases of the Agricultural Department Scandal Have Been referred to Him. Hyde Is Returning to America.

Oyster Bay, L. I., August 3.—Attorney General Moody arrived here to visit President Roosevelt and left today for Washington to give personal attention to the inquiries being made into the scandals in the agricultural department.

The particulars in some of the cases have been referred to the department of justice for such action as may be required in the opinion of the attorney general. Before his departure Mr. Moody said the president and he considered in a general discussion of the laws bearing on prosecutions in the United States courts, the necessity for amendments to the criminal laws of the United States. They agreed, he said, that congress ought to make certain amendments to existing statutes as the law under which the courts are now operating rendered it very difficult to reach a man who might be guilty of wrong doing. The effort to take a man from one United States said the attorney general, ought to be gone over carefully, not merely in the way of codification, but with a purpose to amend and strengthen the laws. In the present circumstances the United States courts cannot work with promptness and facility in many cases. As a matter of fact, in illustration of this condition, it is far more difficult to tak ea man from one United States court's jurisdiction across the Brooklyn bridge into another purisdicton of the United tSates courts than it is for the state of Maine to get a criminal it wants from the state of California. Of course such a condition is anomalous and ought not to exist.

President Roosevelt received [illegible] ers today.

Hyde Coming Home.

Washington, August 3.—In response to a cablegram to John Hyde, [illegible] chief statistician of the department of agriculture urging him to return to this country, Secretary Wilson today received the following dispatch from Mr. Hyde: "Southport, Eng., Aug. 2, 1905: Returning as soon as possible. Letter."

Professor Sent to Work House

New York, August 3.—Charles Rouxel, who said he had been a professor of Belles Lettres in a South American university and evidently a man of refinement and culture, was sent to the work house for a month yesterday. Rouxel was picked up as a vagrant by the policeman in Madison Square park. Stranded in Honduras after touring the world subsequent to completing his education in Paris, the prisoner told Magistrate Cornell that he became a third keeper of the treasury in the South American state. Later he was appointed to be chief of mathematics of the university. A change in the administration caused him to flee the country and since that time he had been able to gain only a precarious livelihood.

Police Removed from Wagons

Chicago, August 3.—Police [illegible] today from the wagons of [illegible] that have been strik[illegible] months. Correspondents of [illegible] drivers were restored to [illegible] places. The employers' [illegible] lowing the determination [illegible] bermen's association to [illegible] union teamsters as a [illegible] decided to lift the ban [illegible] strikers a week ago. The [illegible] taken despite the fact that [illegible] teamsters' union has ignored [illegible] ployers' threat not to employ any strikers until all should vote to call the strike off. RAWLINGS TRIAL FINISHED.

One Negro Gets Death Sentence, the Other Life Imprisonment.

Valdosta, Ga., Agust 3.—Sentence of death was passed by Judge Mitchell on Alf Moore, convicted as one of the principals in the assassination of the Carter children. Frank Turner, who was convicted last night as accessory before the fact, was sentenced to the penitentiary for life.

Turner had appeared well satisfied with the verdict of the jury and received his sentence with a smile. Moore is to be executed September 15. The date set for the execution of J. G. Rawlings and his sons.

Solicitor General W. E. Thomas will probe to the bottom the charges made against the McDonalds in connection with the murder of the Carter children. The solicitor leaves tonight for a trip of a few days to north Georgia, and on his return will sift the matter thoroughly.

An indictment was drawn up by him against Tim and Jif McDonald at the beginnig of the Rawlings, but the jury found that the evidence in their hands was not sufficient to warrant them in finding a true bill.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Victim of Suicide Compact.

Seattle, Wash., August 3.—Victor Taussig, a young officer in the English army, has written a letter to Mrs. E. L. Busch, of this city, saying that he intended killing himself yesterday in some unknown spot because some time ago he drew the "black ball" in a suicide compact with a German army officer. Mrs. Busch is not in the city, but her husband and others who knew the young soldier, do not believe the young soldier committed suicide, but wrote the letter as a blind, so as to cover his disappearance from Menominee, Minn., where he was employed in the office of the Menominee Electric company.

Clark Gets Freight Concession.

San Francisco, August 3.—Senator W. A. Clark's Salt Lake and Los Angeles railroad, thinks tthat E. H. Harriman's half interest in the property, is to get freight traffic concession in southern California from the Union Pacific company. The final outcome of the conference between the officials of the two roads which have been going on in this city for the past two days and which have come to a conclusion. This concession by the Southern Pacific means a saving to the Clark road of thousands of dollars which it would other wise have had to expend for switching tracks and freight warehouses of its own.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

STRIKE ON NORTHERN PACIFIC.

All Telegraphers and Dispatchers Leave Their Positions.

Helena, Mont., August 3.—Dispatches from Montana points indicate that the strike order was generally obeyed by the telegraphers on the Northern Pacific and Great Northern. In this city, which is a relay office, sixteen operators, including two wire chiefs and two operators in the yard, quit upon receiving the signal from President Perham.

All operators on the Montana Central except dispatchers, about 50 altogether, went out. At Missoula the entire Northern Pacific staff except two men, went out. Train No. 1 was brought into Missoula by hand car signals. The entire Rocky Mountain division of the Northern Pacific is reported to be tied up by the strike.

All Quit Except One.

Spokane, Wash., August 3.—On the Spokane division of the Great Northern and the Idaho division of the Northern Pacific all the operators except the dispatchers are out. The men claim the walk out is absolutely perfect, only excepting one man at Pasco on the Northern Pacific, and claiming every man one the Great Northern.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

POSTAL RECEIPTS ON THE INCREASE

Have Been Steadily Advancing for Past Three Years.

THE PROSPECTS FOR 1905

At Present Rate Receipts Will Exceed This Year $16,000—Postmaster Arnow and Assistant Bell Making a First-Class Service—Improvements.

One of the most convincing facts that Gainesville is growing steadily every year is the business transacted by the United States postoffice here, the receipts of which have increased steadily each year for the past five years. The greatest and most notable increases, however, have been for the years 1902, 1903, 1904 and the first seven months of the present year, when the receipts from postal funds alone have been increased from a little over $9,000 in 1902 to nearly $14,000 in 1904. The first seven months of the present year show more than $8,000 to August 1, which means that the receipts for 1905 will show not less than $16,000, as the business is always heavier in the fall.

This is indeed encouraging and Postmaster Arnow and his assistants are to be congratulated. They have made the service first-class, and no city in the South can boast of a more efficient force throughout.

There has been many improvements in the service during the past twelve months, principal among which was the inauguration of the free delivery system. This proves a great convenience to the patrons of the office, and has tended to increase the postal receipts considerably. The inauguration of the free rural service is also a big thing. While there is only one route established now, Postmaster Arnow is working on others, and that officer states that within the next twelve months practically every resident within a radius of ten miles of the city will have the convenience of a free delivery at least once each day.

At the present rate of increase in receipts, it is safe to assert that it will not be long before the Gainesville postoffice will be among the first class.

SWALLOWED INSECTICIDE.

Prominent Citizen Made Mistake, but Doctors Relieved Him.

There occurred what might have been a serious mistake in this city Wednesday, had it not been for the timely arrival of a physician with his stomach pump.

A certain resident, a prominent business man, was feeling badly and decided he would administer to himself a dose of strychnine and quinine. There were two bottles about the same size and filled with the same colored contents, and the party carelessly measured out what he supposed to be the medicine he desired. He swallowed the dose with indifference, but soon began to feel a little uneasy about the stomach, when, upon investigation, it was discovered to his horror that he had taken an insecticide. Naturally the victim became more indisposed and a physician was summoned. He applied a stomach pump and the patient was soon relieved, but it was an experience which will teach him to use more caution in future.

Other than a little scare and a good deal of sick stomach, there were no ill effects from the error.

Congratulates Everybody.

The following postal card has been received by The Sun from Mrs. E. M. Munsinger, Brocton, N. Y.:

"Prof. W. N. Sheats: As I do not know your address, please allow me through The Sun to extend my congratulations to yourself and the people of Gainesville, who have elected you to be principal of the Gainesville High School, the intelligence of which has just reached me. I will ever remember gratefully your kindness to my late husband, on all occasions of public gatherings where it was his pleasure to meet you and yours to promote and secure his welfare. Congratulations also to all whom it may bless for the State University. With the auditorium and all it means a boom of good things. Congratulations for a temperate, public-spirited mayor."

Attention, Rebekah.

There will be a meeting of Colfax Rebekah Lodge, I. O. O. F., at Masonic Hall, over Dutton's bank, at 8 o'clock this evening. There will be work and a good attendance is desired.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhœa, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

"Where Brothers Meet."

The Times-Union of the 2nd inst. contains the following interesting, as well as humorous squib:

"All of us have sent in our names and our pedigrees to the Elks of Lake City, and we are awaiting their most gracious action," said a gentleman of Gainesville, yesterday, who was one of the many applicants of Gainesville for a lodge of Elks.

"We asked for a lodge room some time ago," he continued, "but we did not know until recently that we had to send our records to be passed upon by Lake City. But that makes no difference. All of us like Lake City. We are beginning to learn that they are fighters up there as well as ourselves, and we know that the Elks there will agree that we are worthy to wear horns. Our case is in the hands of Lake City. We expect clean papers, and know that we will receive them within the next few days."

There was more fun in the remarks of the gentleman from Gainesville than he was willing to admit. The fact is that when residents of any town where an Elk lodge does not exist ask for membership, the names of the candidates in the new town are submitted to the lodge nearest the applicants for a careful survey. In this case Gainesville must be passed upon by Lake City, and there is no doubt that Gainesville will get a free pass to the glories of Elkdom.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

$50,000 Given to Methodist Church.

San Jose, Cal., August 3.—The Rev. H. T. Besse, a retired minister of this city, today donated $50,000 to the Wesleyan Methodist church for educating ministers and missionaries at the Wesleyan seminary at Houghton, N. Y. Ten years ago he gave $40,000 for similar purposes. A university in Kansas or Iowa may be founded with part of the money.

THE BRAIN OF MAN.

A Theory That Its Records Once Made Are Never Effaced.

The brain of mankind has been defined as a kind of phonographic cylinder, which retains impressions made upon it through the medium of the senses, particularly through the eyes and ears. If this be true memory must depend for its intensity or retentive qualities upon the degree of observation with which the record is made. Nor is this all. If memory's record is kept in the shape of indentations upon the folds of brain matter, are they ever entirely effaced? In other words, do we ever really forget anything? May it not be that in the inner depths of the brain memory has stored up recollections of things which are never again purposely turned to perhaps, but which instantly spring into being and flash through the mind whenever we hear or see something which recalls them?

There are several well known mental phenomena which strengthen this theory. We know that memory often brightens during the last moments of life, and there are cases on record where Germans, French, Spaniards and others who, upon falling sick in this country scores of years after having entirely forgotten their native languages, recovered and used them upon their deathbeds. There is a theory that in all such cases the brain folds have relaxed, just as do the muscles and cords of the limbs and body, and that by so doing they expose to the mind's monitor indentations (recollections) which were long since folded up and put away as material that could not be of any particular use.

Green Cocoanut Milk.

A dweller in the tropics says: "For a delicious early morning drink I recommend you to try the milk from the green cocoanut. Cut off the top of the nut with a sharp knife, pour the contents into a glass, and you have a drink fit for a king. The cocoanut must be cold. When in Singapore I was a bit seedy and consulted a doctor. Part of his prescription was cocoanut milk first thing in the morning. I took to it most kindly and often wish now that I had a chance of repeating that portion of the cure. Where the cabbage palm grows one has a good vegetable at hand—the heart of the head of the tree. In removing this the palm is killed. This growth is not bad eating raw, as I found when out hunting once. We fed on the palm and wild honey."

The Way of the Arab.

A traveler in Egypt writes: "In a camel caravan we once met in the desert there was a beast with a gigantic load of cases towering above and on both sides of him. On the left flank of this mountain of cases rode a small Arab slung in a sling. The reason was obvious—the camel engineers had miscalculated in loading and had put too much on the off side, thus giving the camel a heavy list to starboard. Arab-like, being too lazy to repack, they had corrected the error by using a light Arab as trimming ballast."

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

Know Your Own Mind.

The great majority of people need bracing up all the time. They want to be reassured. They do not know their own minds. They are not sure of themselves. The leader, the man who can rule others, must be master of this art. Encouragement is to many men what flattery is to some women.—Success.

How He Avoided It.

"Have you ever been hissed off the stage?" asked the girl who was thrilled at having met a real acter.

"Oh, no," he replied. "When I'm off the stage I always try to be among friends as much as possible."—Chicago Record-Herald.

Learn to say "No." It will be of more use to you than to be able to read Latin.—Spurgeon.

Strange Women.

In Japan it is the height of bad form for a woman to express an opinion contrary to that of her husband. Wonderful people!—Minneapolis Journal.

FEVER GAINING AT NEW ORLEANS

The Number of Cases Is Now Reported to Have Reached 391.

MORTALITY SAID TO BE HIGHER

Monigomery, Ala., Has Taken Case From the City—Florida Health Officers Watching for Refugees—Nine People Sent to Detention Hospital.

New Orleans, August 3.—Up to 1 o'clock this afternoon there were thirteen new cases and four deaths reported from yellow fever. This is a high death rate and shows a steady gain. The total number of cases to date is 391, and 68 have died.

Montgomery, Ala., August 3.—It is given out here that there is no yellow fever in the city. One case developed last Friday, and has been removed to the Emergency Hospital, three miles from the city. Birmingham and several other places have quarantined against this city.

Flomaton Junction, August 3.—The officers are keeping strict guard over those who arrive here for Florida points. Passengers have to give an account of themselves or they are not allowed to proceed on their journey.

At Jacksonville.

Jacksonville, August 3.—L. H. Kean, wife and two children who came here from New Orleans, together with P. E. Kean and wife of this city, with whom they stopped, and the latter gentleman's two daughters, have all been sent to a detention camp five miles from the city. Part of them will be released Saturday if there are no developments. P. E. Kean and family will have to remain until Wednesday. Doctors say there is not the slightest cause for alarm in this case.

INSPECTED THE NORMAL.

State Superintendent Holloway Well Pleased With Institution.

State Superintendent of Schools W. M. Holloway, who came from Tallahassee for the purpose of inspecting the University Normal, performed that duty Thursday and expressed himself as being well pleased with the school and the work that has been accomplished.

The school, as was stated in a recent issue of The Sun, is proving a big success, the enrollment being large and the work effective. Its success, in fact, has been remarkable, considering that this is the first season.

"The faculty of the school is all that could be desired, as each is a professional in his department," remarked Prof. Holloway. "I can readily see that a great deal of effective work has already been performed."

Prof. Holloway expects to return to Tallahassee today.

ARCHITECTS INTERESTED.

Are Invited to Discuss Plans for University Buildings on 14th.

Architects all over the South as well as in Jacksonville are all deeply interested in the approaching meeting of the Educational Board of Control, which will be held in Jacksonville on August 14.

At this meeting architects have been invited to appear before the board to widely discuss plans for the new University buildings to be erected in Gainesville, Fla. N. P. Bryan of this city is the chairman of the board.

The architects of Jacksonville are deeply interested in the approaching meeting, and it is said that many will be prepared to discuss the plans for the new buildings to the advantage of the board.—Times-Union.

Mr. Baxter Returns.

After an absence of three weeks E. G. Baxter has returned from Oklahoma, where he went as a representative of Gainesville people who own property in Covington. While absent he visited several points in Northern Oklahoma, and is well pleased with that country.

Covington is a new town, but a growing one. Although only a little more than a yearling, there are between 500 and 600 inhabitants, and the population is increasing monthly. The principal interests are grain, there being four immense elevators in the town.

"Covington is destined to become an important city," remarked Mr. Baxter. "It is located in the heart of a rich agricultural country, where almost anything planted will grow and yield prolific harvests. Covington is naturally the center of trade for this territory, as the nearest city, Perry, is eighteen miles distant on the one side, while Enod, a city of 22,000 population, is twenty-two miles. There is no apparent reason why Covington should not grow and flourish."

Norway May Become a Republic.

Copenhagen, August 3.—Since this arrival at the Danish court, Emperor William appears to have become convinced that there is no hope of a prince of the house of Bernadotte becoming king of Norway. His majesty now favors Prince Charles, of Denmark, and he is quoted as saying: "If Prince Charles does not become king, Norway will be a republic. Of course, I prefer a monarchy, and therefore, shall hereafter support the candidacy of Prince Charles."

Famous Watchmaker Dead.

Boston, August 3.—Duane Herbert Church, whose invention of about 150 machines has revolutionized the manufacture of the watches in America during the last twenty years, died yesterday from heart failure at his home in West Newton. Since 1882 he has been employed in the factory of a watch company at Waltham, and was mechanical superintendent at the time of his death.

Grace Knives.

There is a curious class of knives of the sixteenth century the blades of which have engraved on one side the musical notes to the benediction of the table, or grace before meat, and on the other the grace after meat. These knives usually went in sets of four, representing a four part harmony of bass, tenor, alto and treble. They were kept in an upright case of stamped leather and were placed before the singers according to the adaptation of each one to his particular part. As may be supposed, the inscription was usually in Latin. The following specimen is taken from actual knives of the period: "Pro tuis beneficiis Deus, gratias agimus tibi" (For thy good gifts, O God, we thank thee).

Mares and Fillies.

A song of bygone generation reproached the French with calling their mothers "mares" and all their daughters "fillies," and it is easy to imagine that "filly" is connected with "file." As a matter of fact, the word "filly" is of Scandinavian origin and is really a diminutive of "foal." Shakespeare makes Puck disguise himself in "likeness of a filly foal." "Mare" is the Anglo-Saxon "mere," feminine of "mearh," a horse, a trace of which remains in "marshal," which properly signifies master of the horse.

Napoleon's Manners.

Napoleon was rude. His manners were coarse, and when at table he ate as fast as he could chew and swallow, shoveling the food into his mouth with his knife and using his fingers whenever they came into more convenient employment. When talking to his officers he often as a friendly favor pulled their whiskers or pinched their ears. To women he was almost invariably offensive, sometimes uttering language so coarse as to bring a flush of shame to their cheeks and the tears to their eyes.

A Magnificent Library Worth $500
Offered Free of Cost!

Unprecedented Offer that Promises to Prove Unusually Interesting.

Something SUN Readers Shoud Consider

Read the Following Details Carefully:

The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following:

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. Elks, Volunteer Firemen, Masons, W. O. W., K. of P., Gainesville Guards, Kirby Smith Chapter or J. J. Finley Chapter of the U. D. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

THE REWARD will be a magnificent library, consisting of 200 volumes of the standard subscription publications of the day as follows: The Great Chas. Dudley Warner "Library of the World's Best Literature," 46 volumes; "Library of the World's Greatest Classics," 30 volumes; the Anglo-American Dictionary and Cyclopedia, 12 volumes; Library of Oratory, by Depew, 15 volumes; Works of Balzac, 36 volumes; the Library of Poets, 32 volumes; the World's Best Essays, 10 volumes; History of Our Great Commanders, 12 volumes.

Each and every one of these books are specimens of the best mechanical execution, which examination will prove.

The conditions of the contest are as follows: Any lodge, church or school club, hospital or organization, public or private, is eligible to the contest. Votes for individuals will not be counted. With each 10 cents purchase ticket will be given by the merchant through whose liberality these grand libraries are furnished, on which will be written the amount of the purchase and the number of votes. The purchaser will write on the ticket the institution or organization for which he or she desires to vote, sign their name and deposit the ticket in the ballot box in the store in which the purchase is made.

The standing of the contestants will be published exclusively in each Sunday's issue of The Sun until October 14th, 1905, at 7 o'clock p. m., when the remaining votes will be counted, and the magnificent library awarded to the organization having the largest number of votes. The Sun will publish in each issue a coupon which will entitle the holder to two votes that will be credited to the institution that is written on space provided for same when delivered to the ballot boxes in either of the stores.

New York City is bound to be rid of the mosquito, if the kerosene oil holds out.

With the temperature at 99 at midnight in Austin, Texas, August was given a warm reception.

And now we are cut off from Cuba. But they can thank their Uncle Sam for being in a position to do it.

The State printing contract has again been awarded to the Capital Publishing Company, of which I. B. Hilson is president.

The outrages of the Russian government on her people makes every decent person have the most utter contempt for its conduct.

Judging from the number of visitors President Roosevelt entertains at luncheon in Oyster Bay, he must have a popular cook engaged.

The fellows who desired Italian immigration into this State do not seem so anxious to have them come now, especially via New Orleans.

The people of the country should not despair of improvement when Coney Island can be shocked, even if it does take a stroke of lightning to do it.

Midshipman Jackson of the navy went ashore at New York and got lost. It would be well enough to confine the middies to water instead of the stuff they get on shore.

Mrs. John Jacob Astor has returned from London. There is nothing startling about the news of her return, but the fact that she has all her gorgeous gowns and jewels intact, is something remarkable.

The undesirable immigrants are pouring into this country at a lively rate. While the number arriving during the month of July just ended has been 48,000, over 1,000 have been returned as undesirable.

The Key West edition of The Daily Miami Metropolis is a most excellent number. Printed on good paper, profusely illustrated with half-tone panoramic views, it is a handsome souvenir of the Island City.

According to Gustave Meyer, the astrologer, if we get through the calamities in store for this mundane sphere until Christmas, we can consider ourselves bomb-proof and able to battle with a Texas cyclone.

The Lewis & Clark Centennial Exposition at Portland, Oregon, is still sending out its regular weekly supply of stories to the press, but as there is no postage enclosed for return, they are consigned to the basket.

The immigration treaty drawn up by China will exclude American labor from the Celestial Kingdom, and all Chinese subjects, not laborers, will be permitted to reside in the United States, if supplied with certificates.

THE FEVER.

While the State Board of Health is doing everything in its power to stamp out yellow fever in this State and has taken steps to prevent persons afflicted with the disease from coming into the cities, it is a very good plan to keep up the cleaning process so well begun. It is early in the season and it will be a long time before the welcome frost in this instance will come to the rescue. During the time the health officers of New Orleans are having a hard fight and do not seem to gain much headway. The reports are not as favorable as had been hoped, and the extreme heat has undoubtedly helped the spread of the disease in that city, which adds every day new cases to the list.

There is no telling when some person afflicted with the fever may escape from that city and flee to some other place, and while our board of health is using every effort to keep such persons from entering the State, the large coast line cannot all be guarded and there is danger in spite of the utmost precaution.

It therefore behooves all to keep everything as clean and free from any odors as possible, so we will not be caught napping.

THE FEVER VS. TUBERCULOSIS.

Many people in the Southern States become very much alarmed at the appearance of yellow fever, and if they escape that fatal disease, come near to giving up the ghost from fright.

While the fever is much to be dreaded lest it should become an epidemic, there are other diseases in the North that are more fatal. Dr. J. N. Hurly, secretary of the State Board of Health of Indiana, in speaking of the two says: "In the nine days during which there have been six deaths from the yellow fever epidemic at New Orleans there have been eleven deaths in Indianapolis from the tuberculosis epidemic. Why is it that people will become so frightened and panic-stricken over the one disease, and refuse to be moved by the vastly more serious disease that is always in their very midst, at all times and at all places?"

DEATH OF SENATOR LEE.

Hon. George M. Lee, State Senator from Lake county, died at his home in Leesburg Tuesday, August 1st, of heart failure. He was down town in the morning, when he complained of not feeling well. He went home and at 3:30 p. m. suddenly expired.

He was a man well liked by all who knew him and was a quiet, unobtrusive gentleman. He went with his father's family from Alachua in 1849 and settled in Sumter county. He was a man of prominence, having been county commissioner for Lake county. Mr. Lee was 68 years of age. Besides his wife, he is survived by two brothers, L. B. Lee of Jacksonville, P. A. Lee of Leesburg; two sisters, Mrs. John Love and Mrs. Elizabeth Dozier of Leesburg; three sons, James A. Lee, J. C. Lee, G. M. Lee of Leesburg, and two daughters, Mrs. H. R. Smith of Orlando and Mrs. A. Bourlay of Leesburg.

The present wheat crop in the Canadian Northwest, already being harvested, will be very large. Many authorities estimate that it will exceed a hundred million bushels, against fifty-five million last year. The increase in the crop is due to a wet June, in which were many hot days, also to the increased acreage, there being more than four million acres sown this year.

The administration will not undertake to punish the guilty parties in the recent abuses at Washington in the various departments. The idea is to try and check it for future generations and thus curtail the number until there will not be so many as to overflow the penal institutions of the country in case there are any convictions.

Automobile hold-up parties have been inaugurated near Chicago. The robbers shoot a hole in the tire, which puts the machine out of business, and then call on the occupants of the auto car to "pass over" their valuables. One party netted the promoters a nice sum of money and a quantity of jewelry.

If any important business should happen to come before the departments at Washington at the present time it would be a great annoyance to the committees now engaged on the investigations that should be disposed of in some manner before the campaign gets too far advanced.

The Tampa Daily Times of yesterday presented a very handsome appearance, being printed on its new Cox Duplex press. This press is one of the best on the market at present, and The Times, with its clear print and well filled news columns, is one of Florida's leading dailies.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

HERBINE
The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

PROBABILITY OF BIG STRIKE.

50,000 Bridge Workers May Quit Work All Over Country.

New York, August 3.—In all probability there will be, says the World today, a national strike against the American Bridge company. Should the strike be called, more than 50,000 men will be involved.

The workers attribute the trouble to the alleged employment of nonunion men by the Boston Bridge company.

Frank Buchanan, president of the International Association of Bridge and Structural Iron Workers arrived in the city yesterday and will make his headquarters here during the controversy. It is very possible, he said, that the strike will take place. I can do nothing for a day or two except to wait for developments. Should the strike be ordered it will have the assistance of the international union and other labor organizations.

A statement was made in behalf of the American Bridge company which says:

"We have not been officially informed about the trouble in New Haven, but we have the right to submit our work and have no right to impose conditions on the subject contractors further than a guarantee that they must do the work properly. We have an agreement with the union to employ only union men when we do the work directly, but in sub-letting work he can only choose the lowest bidder, if it is a responsible firm. If the union convince a sub-contractor that it is for his best advantage to employ only union men, that is a question between the union and him."

Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

WITTE IN PERFECT HEALTH.

Russia's Envoy Talks About His Visit to America.

On Board Steamer Kaiser William Der Grosse, via Wireless Telegraph Station at Siasconnet, Mass., August 3.—After a good passage across the Atlantic, Sergius Witte, Russian peace commissioner, is in perfect health, in speaking of his approaching arrival on American soil, Mr. Witte said:

"I am happy to visit America, which country I am most anxious to know. My only regret is that I cannot speak English as I should like thoroughly to appreciate the country whose progress and development are so interesting and instructive. I shall also be glad to have personal intercourse with President Roosevelt, who has reached such a prominent position as a statesman, and to present him the greetings of Emperor Nicholas. It has been stated that I am to test the ground for floating a Russian loan in America and discuss the relations between the two countries especially regarding commercial affairs. My only mission is the negotiation for peace, but I am quite ready to express my personal opinion on questions affected the relations between Russia and America, with a view to further strengthening the traditional friendly feeling between St. Petersburg and Washington.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

Summer Tourist Rates Via Atlantic Coast Line.

If you contemplate visiting summer resorts see ticket agents Atlantic Coast Line and get all information with reference to rates, routes, schedules and Pullman service. Summer tourist rates are now in effect to all the principal resorts throughout the country with return limit October 1st. Rates have been announced to all springs, mountain and seashore resorts. For the first time round-trip tickets are now on sale to resorts in New England territory.

MURDERED FOR HIS MONEY.

New Orleans Watchman Victim of Robbers—Big Reward Offered.

New Orleans, August 3.—Early today the body of Ignatius Feltzinger, a night watchman employed by the Boylan agency, detailed on duty at the Alcus box factory at Water and Napoleon avenue, was found floating in the river under circumstances which pointed to one of the most coldbloded murder atrocities ever committed in this country.

Robbery was the motive of the crime, and was evidently committed by two or more men. One of the asassins used a heavy oak stick and had struck the watchman a blow on the head fracturing the skull. The other used a razor or some other keen instdument as the left index finger was nearly severed by it.

The only clew to the crime left by the assassins was the bloody stick with which the crime was committed. A pool of blood in the factory showed where the crime was committeed.

The body was placed on a truck and wheler to the river about 100 feet distant, and then thrown down a vault into the murky waters beliw.

Fretzinger is said to have had about $30 on his person before leaving his home. The money and the pocketbook were missing, also a cheap watch and chain.

A reward of $250 has been offered by the Atcus Box company and an additional $150 has been offered by the Boylan agency for any information leading to the apprehension of the guilty parties.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." "White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Banker Charged with Forgery.

Raleigh, N. C., August 3.—E. F. Young, president of the Merchants and Farmers' bank, of Dunne, N. C., was arrested there upon a warrant issued by E. Lee, a justice of the peace, upon the oaths of three of the town commissioners, charging forgery of the town's treasury accounts on the books of the bank. The case was removed to Justice J. R. Goodwin's court and upon a plea for a continuance by counsel for the defendant, a justified bond in the sum of $1,800 was required for the appearance of the defendant here next Monday when the case will be heard.

Cured Hay Fever and Summer Cold.

A. J. Nushbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

FLESH EATING BIRDS.

They Find Their Prey by Sight, Not by Sense of Smell.

A study of the habits of flesh eating birds shows that if they possess the sense of smell at all it is not sufficiently acute to enable them to use it in finding food.

All observers are agreed that when a carcass is hidden by never so slight a screen it is safe from the attacks of vultures and other carrion seekers, but the most remarkable proof of the ineffectiveness of the sense of smell at all is afforded by experiences which Dr. Guillemard was good enough to relate to me. Many times it has happened, he tells me, that, having shot a wild beast or other game, which was too heavy to carry home, he has disemboweled it and hidden the carcass in the hole of an "ant bear."

On returning with natives to camp he has found a circle of vultures standing round the spot where the offal had been thrown, evidently unaware of the carcass within a few yards of their beaks. Of the power of proving the possession of the sense I know none unless we are to accept as evidence the belief very general among fanciers that pigeons are attached to the smell of [illegible] the similar belief of gamekeepers in some parts of the country that hawks are attracted by valerian. It is said that pigeons may be prevented from deserting the dovecot by smearing their boxes with oil of anise. Poachers are supposed to lure hen pheasants from a wood by anointing [illegible] with tincture of valerian.—Nature.

WAIT FOR AN APPETITE.

Do Not Eat a Meal Unless You Are Really Hungry.

It is not wise to eat unless there is a real, natural hunger. It is far better to miss a meal than to eat without an appetite.

A prolific cause of chronic indigestion is eating from habit and simply because it is mealtime. To eat when not hungry is to eat without relish and food taken without relish is worse than wasted. Without relish the salivary glands do not act, the gastric fluids are not freely secreted and the best of foods will not be digested. Many perfectly harmless dishes are severely condemned for no other reason than they were eaten without relish and due insalivation.

Hunger makes the plainest food enjoyable. It causes vigorous secretion and outpouring of all the digestive fluids—the sources of ptyalin, pepsin, trypsin, etc.—without a plentiful supply of which no foods can be perfectly digested.

Wait for an appetite if it takes a week. Fasting is one of the saving graces. It has a spiritual significance only through its great physical and physiologic importance. If breakfast is a bore or lunch a matter of indifference cut one or both of them out. Wait for distinct and unmistakable hunger and then eat slowly. If you do this you need ask few questions as to the propriety and digestibility of what you eat, and it need not be prearranged.—Boston Cooking School Magazine.

Baltimore Crabs.

The price of a deviled crab in Baltimore runs down quite a scale. Beginning with 15 cents in the fashionable hotels, it drops to 10 at the ordinary eating bar and then to 5 when bought from the greasy basket of the good natured crab man. In the tiny Italian cook shops deviled crabs can be enjoyed at the rate of 3 cents each, and in the saloons along the water front they are often stacked up in a huge dish on the free lunch counter. With all these opportunities for feasting on the well seasoned "debbil" it is little wonder that Baltimoreans are considered the crab connoisseurs of the nation.—New York Herald.

Rossini's Jealousy

Rossini was intolerably jealous of all his musical contemporaries and particularly of Meyerbeer. In 1836 he heard "The Huguenots," and on listening to the performance from the beginning to the end he made up his mind that Meyerbeer had excelled him and determined to write no more. He lived until 1868, but produced nothing for the lyric stage. His thirty-two years of retirement were spent in the pleasures of a voluptuary. He was particularly fond of good eating and drinking and assembled about him the smartest and gayest society he could attract to his house.

The Tearkerchief

In some parts of the Tyrol a hopeful though curious custom prevails. When a girl is going to be married she just before she leaves for the church her mother gives her a handkerchief which is called a tearkerchief. It is made of newly spun and unused linen and with it the girl dries the natural tears she sheds on leaving home. The tearkerchief is never used after the marriage day, but is folded up [illegible]

Captain J. Maxey Dell and party have returned from Worthington Springs, where they have been sojourning for the past few days. They report the spring in fine condition just now with the result that that popular resort is full of visitors.

The rains of the past few days have not only proved a benefit to growing crops, but have had a tendency to cool the atmosphere as well, making life more like worth living. The temperature for the past three days, especially in the evenings, has been very exhilarating, enabling our people to rest comfortably.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1. Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

The elegant building of L. L. Hill, corner of East Liberty and University streets, has been completed, and is now ready for occupancy. Mr. Hill states that he prefers to rent the rooms for office purposes, as they are more adaptable for that use. There are four rooms 20x40, elegantly finished, with steel ceilings of the latest design. Every room is supplied with water, and altogether the place is modern in every way.

The attention of real estate owners is called to the delinquent tax list which appears in this issue. Whether you have paid your taxes or not, it behooves you to peruse the list carefully, and if any mistake has been made on your part or by the tax collector, have the mistake corrected at once. It is next to impossible for the collector to avoid making some errors, but he will cheerfully correct all mistakes at his own expense.

W. D. DICKINSON,
Tax Collector, Alachua County, Florida.

Gainesville, Fla., July 20, 1905.

Should any persons who have paid 1904 taxes, find any items of their property on which they have paid taxes advertised in the foregoing list, if they will send me the number and date of their receipt, I will investigate and if taxes have been paid on same, I will immediately have such items struck from the list at my expense. We have been as careful as possible in preparing this list, but as it is a difficult duty, covering a period of more than eight months' collections, there is a
